

# Water for Every Field Strengthening Agriculture for Higher Yield

## Let's Remove Shortage by Conserving Water

### Strategy of Pradhan Mantri Krishi Sinchai Yojana

- Give priority to completion of irrigation projects where substantial work has already been done.
- Bring synergy between MGNREGA, watershed development and other water resource development projects.
- Adopt water conservation technologies.
- Use drip and sprinkler technologies.
- Avoid flood irrigation, use optimum quantity of water at recommended time for that particular crop.
- Farmers may contact District Agriculture / Horticulture Officer for schemes of drip / sprinkler irrigation / Water Shed Project.

## Pradhan Mantri Krishi Sinchai Yojana

Pledging water  
for every field
